

# RENWEB PARENTS' ACCESS

Your fast and easy access to your child's schedule, lunch information, homework, grades, and much more!

RenWeb's ParentsWeb is a private and secure parents' portal that will allow parents to view academic information specific to their children, while protecting their children's information from others. You can see your child's grades, attendance, homework, lunch accounts, and other useful school information, including daily announcements. All you need is an internet-capable computer.

If you set up a username and password last year, you are all set to begin using Renweb again for the this school year.

If you are new to Renweb, here's how to access our easy-to-use RenWeb Parent site:

- Click ParentsWeb Login
- Type your school's District Code (PC-MN)
- Click Create New ParentsWeb Account
- Type your email address and you should receive a notification that an email will be sent to you. This email will provide a link to change your password. This link is only valid for 15 minutes.
- A web browser displays your Name and RenWeb ID.
- Type in a User Name, Password, and then Confirm the password.
